ABOUT CENOVUS

We're a Canadian-based integrated energy company headquartered in Calgary. We're committed to maximizing value by developing our assets in a safe, innovative and cost-efficient manner, integrating environmental, social and governance considerations into our business plans.

We operate in Canada, the United States and the Asia Pacific region. Our operations include oil sands projects in northern Alberta, thermal and conventional crude oil and natural gas projects across Western Canada, crude oil production offshore Newfoundland and Labrador and natural gas and liquids production offshore China and Indonesia. Cenovus's downstream operations include upgrading, refining and marketing operations in Canada and the United States.

On January 1, 2021 Cenovus Energy acquired Husky Energy, which started in 1938 with a small U.S. refinery, moving it to Lloydminster and starting a Canadian energy success story. Today, Cenovus is one of Canada's largest integrated oil and natural gas producers and refiners.

Our shares trade under the symbol CVE, and are listed on the Toronto and New York stock exchanges.

LLOYDMINSTER OPERATIONS

In the Lloydminster region, we rely on the energy of thousands of workers to keep our oil production, pipeline and storage and refinery operations running safely and reliably. Our people contribute their hard work and technical knowledge to produce oil that is the foundation for products we use every day, as well as the fuels and asphalt roads that keep Canadians moving.

Cenovus has a large upstream, midstream and downstream operation in Lloydminster, which makes it easy to have a long and successful career with us.

LLOYDMINSTER WORKFORCE

- We offer a variety of roles from lab scientists, engineers, process operators and many other positions, including Director level, with over **1,300 employees and contractors**.

LLOYDMINSTER UPGRADER

Opened: 1992

Our upgrader was commissioned in 1992 and processes heavy oil from our Lloydminster thermal projects. The synthetic crude produced at this upgrader is also used in the production of gasoline and diesel fuels in refineries in Canada and the U.S.

We're employing innovative technologies to produce high-quality products for North American markets.

LLOYDMINSTER REFINERY

Opened: 1947

As Western Canada's largest producer of paving asphalt, our Lloydminster Refinery produces more than 30 different types and grades of road asphalt from heavy oil. It uses modern technologies to produce:

- Highway-grade asphalt.
- Road oils used for dust control.
- A kerosene distillate.
- Gas oil which is processed at the Lloydminster Upgrader into low-sulphur diesel and Husky Synthetic Blend.

Lloydminster Upgrader

Lloydminster Refinery

LLOYDMINSTER THERMALS

Started: 1981

Our thermal facilities include 12 heavy oil producing assets using steam-assisted gravity drainage (SAGD) technology, and pipelines in the region that transport oil from our field locations to our upgrader and asphalt refinery and other Cenovus assets.

LLOYDMINSTER CONVENTIONAL HEAVY OIL

Started: 1926

We have historically used cold heavy oil production with sand (called CHOPS) and enhanced oil recovery (EOR) production technologies in our heavy oil operations in Alberta and Saskatchewan. We continue to evolve our drilling and well technologies to access more resource.

HUSKY MIDSTREAM GENERAL PARTNERSHIP* (HMGP)

Started: 1963

On behalf of HMGP, Cenovus operates strategic pipeline connections, terminals and ancillary infrastructure in Alberta and Saskatchewan, including approximately 2,300 kilometres of pipeline in the Lloydminster region, 230,000+ barrels per day of pipeline throughput and 5.9 million barrels of storage capacity at Hardisty. The midstream business serves over 60 customers and is the exclusive blender for Western Canadian Select (WCS). Learn more about [HMGP](#).

*HMGP is jointly owned by CK Infrastructure Holdings Limited (CKI), Power Assets Holding Limited and Cenovus.

LIVING IN LLOYDMINSTER

A unique combination of comfort and convenience drives the vibrant and growing community of Lloydminster. An economic powerhouse with strong ties to both the oil and gas and agricultural sectors, it's no wonder Lloydminster was recently ranked one of the fastest-growing communities in Canada.

The only town in Canada that straddles a border, its approximately 32,000 residents are proud of their unique bi-provincial status and robust sense of community, with fun celebrations including Winterfest, Canada Day and Heritage Day.

STATISTICS

- Residents between 20 to 34 make up 21% of the approximately **32,000** people who live there.
- Voted as **third-best place to live** in Canada by Money Sense Magazine in 2015.
- As of 2015, Lloydminster was the **sixth-best city in Canada** to start a business based on: an absence of business tax, low municipal taxes and special Saskatchewan PST exempt status.
- One of only five communities in Alberta with access to both **CN and CPKC rail networks**.
- Agriculture, oil and gas, commercial enterprises and manufacturing play a vital role in the local economy.

City of Lloydminster

Living in Lloydminster provides work-life balance

I moved to Lloydminster in 2018 for my final engineering new grad rotation, and it quickly became home. With my husband able to transfer here through Cenovus, we knew this was where we wanted to stay. Lloydminster's field roles across thermal, midstream and downstream made the choice easy by offering the career growth opportunities I was aiming for.

I've supported major projects and turnarounds and make daily decisions that directly contribute to the Upgrader's performance. Working on site means seeing your ideas and troubleshooting efforts come to life in real time, which is incredibly rewarding. The friends we've made here have become family, and now raising our daughter in such a close-knit, active and supportive community truly makes Lloydminster feel like home.

- Caitlyn Phillips, Senior Operations Supervisor

HOUSING MARKET

Buying a home in Lloydminster is more affordable than in the larger cities. Residents have a range of options from neighbourhoods with single-person dwellings and family homes to homes on spacious acreages all within a quick commute to city conveniences or outdoor recreation.

Cenovus offers a relocation package to assist new hires and existing employees in relocating to Lloydminster at the company's request. Below are a few highlights of relocation benefits that will be provided:

- Selling your principal residence in your current location.
- Early termination of your lease in your current location (if required).
- Fees associated with purchasing a home, finding rental accommodations or moving your household goods.
- Orientation and settling-in services which include information to assist you in arranging items such as utilities, banking, driver's licence and vehicle registration, and schooling.
- Helping your spouse find employment.

Four seasons to enjoy

"I've lived in the Lloydminster area my whole life. I grew up on a grain farm and started operating in the oilfield shortly after college. It's a wonderful area where you can enjoy all of the seasons to their full extent. There are many lakes in the area for day trips in the summer and a lot of activities/festivals to attend. In the winter, ski hills are close by and skating rinks and snowmobiling are a favourite pastime. You have all of the big city amenities but still have the smalltown feel."

- Gary Amundrud, Care & Control Centre Operator

Eligibility for relocation assistance is subject to the terms and conditions as outlined in Cenovus's policies and standards.

EDUCATION & TRAINING

Residents of Lloydminster enjoy a range of education and training opportunities from public school and Catholic education to post-secondary. Both the Lloydminster Public and Catholic school divisions offer French immersion that allows students to learn and develop in French.

Lloydminster Public School Division

The Lloydminster Public School Division has five elementary schools, one kindergarten to Grade 9 school, two middle schools, one high school and one outreach school. All schools offer students a well-rounded education with excellent instruction based on curricula provided by the Saskatchewan Ministry of Education. Students also benefit from extensive co-curricular and extracurricular opportunities. A French immersion program is also offered.

A strong community spirit

“What do you give up when you leave a bigger centre? Some amenities, and a whole lot of rush hour traffic and long commutes. Lloydminster continues to grow, and is a thriving, energetic and diverse city, but you can get nearly anywhere within 10 minutes.

We have great schools, many sports facilities, and we’re surrounded by lakes, golf courses and any number of things to explore.

But our amenities are not the only things that make Lloydminster a great place to live. It’s the good, hardworking, friendly people. This city has a deep sense of community, and is waiting to welcome you.”

WORKING AT CENOVUS

OUR PURPOSE

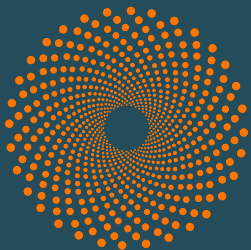

We **energize** the world to make people's lives better.

OUR VALUES

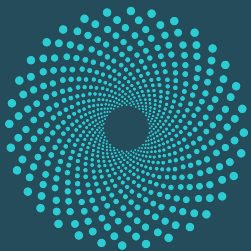

Protect what **matters.**

Safety will always be our top value. We care about each other, our communities and the environment.

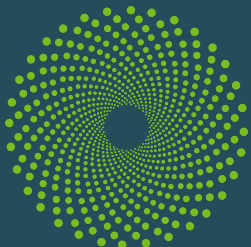

Do it **together.**

We are one team. Together we win, grow and celebrate. We're determined to be successful through inclusivity, trust and empowerment.

Make it **better.**

Performance matters and we always look for opportunities to improve. We make decisions with a sense of urgency and pivot to meet changing needs. We don't shy away from hard work or difficult conversations.

Do it **right.**

Accountability is vital, and how we achieve results makes a difference. We listen, respect and value diversity. We are transparent and act with integrity.

TOTAL REWARDS

We offer a competitive total rewards package for permanent employees, inclusive of compensation, benefits and savings programs. Cenovus strives to be an employer of choice in our industry by delivering market-competitive programs in each of the countries where we operate.

Performance oriented: We pay for performance, reflecting both individual and company results that are aligned to our business strategy over the short- and long-term as well as expected behaviours. Our market competitive total compensation includes salaries, and for eligible employees annual and long-term incentives to support hiring and retaining staff.

Benefits: Our benefits package is an important part of our total rewards package. Medical, dental, life insurance, disability benefits, employee family assistance, virtual healthcare coverage and vacation are provided. In some cases employees will have the flexibility to choose the coverage levels that best suit their personal needs. Additionally, we want to ensure you are supported to take the time you need to take care of yourself as well as your family through our inclusive leave of absence programs.

Outside of work: Our health and wellness team offers a variety of innovative well-being programs and services to ensure you flourish at Cenovus. We're committed to rewarding, recognizing and supporting you throughout your career with us.

And while we work hard to provide energy the world needs, we don't stop there. Our purpose extends to building a better future, and our employees and their families share our belief in the power of giving and getting involved. Through our Employee Giving and Volunteering Program, *Cenovus Cares*, we're set to make an even bigger difference, together.

ACCEPTANCE & BELONGING

We know that we grow stronger when everyone feels like they belong.

At Cenovus, we strive to create a workplace where everyone feels safe and supported. By embracing unique perspectives and experiences, we can make better business decisions, achieve goals, break down barriers, and work together to create innovative solutions. Welcoming different viewpoints helps us to grow, advance, and break new ground.

APPLYING ACCEPTANCE AND BELONGING IN OUR WORKPLACE

By demonstrating support, understanding, empathy and respect for the variety of people and ideas within our organization, we hope to achieve a collaborative, physically and psychologically safe environment where

everyone can be themselves, feel a sense of belonging and thrive. Our Human Rights Policy outlines how we strive to maintain a fair and respectful workplace. We hire based on qualifications, merit and abilities, and encourage applications from all qualified candidates.

We also have six staff resource groups that help us build a safe and collaborative environment where everyone's contributions drive our success. They are voluntary, open to all staff in all locations, employee-led and executive-sponsored groups that enhance the experience of all staff.

[Learn more about our Staff resource groups.](#)

CENOVUS IN THE COMMUNITY

We know we play an important role in helping to build prosperity and address some of society's biggest challenges. Through our Social Investment Strategy, we collaborate and support initiatives that improve our society and the economy. We're committed to making social investments – financial and beyond – that strengthen the communities where we operate and make people's lives better.

cenovus Hub ENERGY

Cenovus Energy Hub

In October 2025, we celebrated the grand opening of the Cenovus Energy Hub with the City of Lloydminster and the local community.

Our \$5 million investment in the Hub is our largest community investment in the Lloydminster region to-date and represents our long-term commitment to the area, which is home to more than 1,300 of our staff and their families. We look forward to many years of community celebrations and events in this state-of-the-art facility.

We focus our efforts in four areas that align with our purpose and values, commitment to inclusion and diversity, and environmental, social and governance priorities.

Indigenous reconciliation

Advancing the social and economic inclusion of Indigenous Peoples.

Protected planet

Creating a more sustainable future for generations to come.

Future-ready youth

Helping young people prepare for their futures.

Resilient communities

Keeping our communities healthy, safe and resilient.

University of Saskatchewan

We are donating \$1.5 million to USask's "Be What the World Needs" campaign to fund the new Cenovus Energy Makerspace, part of a state-of-the-art engineering design hub dedicated to creation, invention and education for engineering students and staff.

Through investments in post-secondary institutions, we're helping to provide the students of today with the skills they need to become the industry leaders of tomorrow.

Lloydminster Fire Department

To enhance local firefighting capabilities, we donated 18 thermal imaging cameras to the Lloydminster Fire Department.

We are committed to supporting local groups that help keep our communities safe and the Lloydminster Fire Department does exactly that. The new thermal imaging units and fire safety equipment will improve emergency preparedness in Lloydminster and other nearby towns.

Lloydminster's Gift to Health Live Stream

Hosted annually by the Lloydminster Region Health Foundation, the *Lloydminster Gift to Health Live Stream* raises funds for the greatest healthcare needs of the region through a 12-hour dodgeball tournament.

We've been the presenting sponsor of the tournament since 2022, with staff teams participating in the fun and raising funds for their community.

CENOVUS cares

Our employee giving & volunteering program, *Cenovus Cares*, connects our people to our purpose, inspiring and mobilizing them to make a difference. Year round, staff and their families volunteer with local organizations and donate to eligible causes through the program, with all annual donations matched dollar-to-dollar, up to a maximum of \$25,000 per employee.

How our employees elevate our impact in Lloydminster

- Supporting the Lloydminster Interval Home Society's Community Youth Centre through volunteer initiatives such as serving meals at the centre and participating in fundraising events like the Women Essential Item & Children's Toy Drive and the Famous Tote Bag Sale & BBQ.
- Participating in fundraising events for the Lloydminster Social Action Coalition Society such as the Coldest Night of the Year, a community walk dedicated to raising awareness and funds for those experiencing homelessness, and the Food & Clothing Drive for Men's Shelter.
- Preparing and serving hot meals to those experiencing homelessness and struggling to make ends meet through the Olive Tree Community Centre's Serve Those in Need program. Volunteers also organize and support toy drives throughout the holiday season to ensure struggling families receive much-needed gifts and food.
- Fundraising for Roman Catholic Separate Division 89's sustainable food program which ensures that students don't go hungry at school.

NEIGHBOURING INDIGENOUS COMMUNITIES

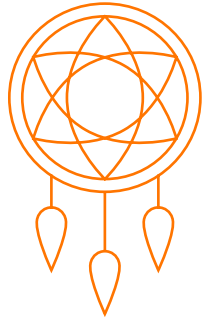

There are 70 First Nations in Saskatchewan; as well, the Province of Saskatchewan is within the historic Métis Nation homeland.

Working with Indigenous communities

"We have a responsibility to work closely with neighbouring Indigenous communities and meaningfully include them in our business. And we know that part of this responsibility means understanding the history and culture of Indigenous peoples."

- Trent Zacharias, Director of Community & Indigenous Affairs

www.otc.ca

We have made a commitment to treat all communities near our operations fairly and with respect. This commitment begins with our **Code of Business Conduct & Ethics** as well as our **Sustainability Policy**. Through these, we ensure we recognize the rights and interests of every community where we conduct business.

Our approach to working with Indigenous communities focuses on:

- **Consultation:** We engage with communities regularly to help ensure they understand the potential impacts of our operations, so we can identify ways to mitigate these impacts.
- **Relationships:** Our relationships with Indigenous communities are forged based on mutual respect and trust.
- **Employment:** We support education and training programs that may help community members find employment with Cenovus or another company.
- **Investment:** We support a range of organizations focused on the needs that are important to each of our local communities and have launched a \$50 million **Indigenous Housing Initiative** to build much-needed new homes in the six First Nations and Métis communities closest to our oil sands operations.
- **Business:** Whenever possible, we include local Indigenous-owned businesses in our supply chain.

QUICK FACTS

- Since 2009, we've spent **more than \$4.4 billion** doing business with local Indigenous companies across all of our operating areas.
- Since 2020, all Cenovus staff are required to complete **Indigenous Awareness Training**.
- In 2023, Cenovus contributed more than **\$20 million** to organizations and causes focused on Indigenous Reconciliation.
